ALLERGIES	29
TOENAIL FUNGUS	29
FOOTNOTES REGARDING TESTIMONIALS	30
NOTICE	31

**Q:** **WHAT IS NUTRITIONAL THERAPY?**

**A:** Simply put, Nutritional Therapy is use of whole foods and whole foods concentrated to clinical potencies to restore and maintain health.

**Q:** **WHAT MAKES NUTRITIONAL THERAPY DIFFERENT THAN DIETS AND VITAMINS I CAN GET JUST ABOUT ANYWHERE?**

**A:** In the first place, the doctor who gave you this book is an expert in the use of whole foods and whole foods concentrated to clinical potency and in the management of your return to health. In the second place, Nutritional Therapy uses these whole foods and whole foods concentrated to clinical potency which are specially designed to enable your doctor and you to achieve your health goals.

**Q:** **WHAT ARE SOME CONDITIONS THAT HAVE BEEN TREATED WITH NUTRITIONAL THERAPY?**

**A:** The answer to that question is just about everything. The body has a great ability to heal when given the chance to do so. Many times all the body needs to make healthy cells - - to build its health - - is the right ingredients, the right Nutritional Therapy!

# WHOLE FOODS CONCENTRATED TO CLINICAL POTENCY

## SYNTHETIC VS. WHOLE FOOD VITAMIN COMPLEXES

Dr. Royal Lee, a visionary of whole food concentrates, stated many times that there is no way a synthetic vitamin could do the same job as a whole food concentrate complex of vitamins. Synthetic vitamins can alter function but they cannot support function. This was proved many times by early researchers in the nutritional field when animal experiments showed that the test animals could not live on bleached and synthetically enriched products. Today this makes even more sense. One of the many experiments of that time was published in the "Vitamin News," November 1940, where cells, whose growth

### STANDARD PROCESS CATAPLEX B vs SYNTHETIC B VITAMINS ON CELL GROWTH

## **NUTRITIONAL THERAPY FROM HEAD TO TOE**

On the following pages you will find the results of actual cases treated with Whole Foods Concentrated to Clinical Potency. Some of the responses may surprise you. You will probably find symptom patterns similar to your own, a family member or a suffering friend. It will be your job to give that suffering person this book and to refer them to the doctor's office where you got it.

This is how we can all join together to make this a better world. By each person getting healthier the world will be a better place to live. So here we go. Patients Speak about Nutritional Therapy from HEAD to TOE.

### **THINNING HAIR**

*I am a doctor myself. Maybe I did not take the best care of myself as many doctors have been found guilty of, and I had lost most of my hair on top of my head. It turned into just peach fuzz. Another doctor friend of mine suggested that I had lost it not due to heredity as I had thought but an infection in my system. I have taken the food supplementations regularly now for a year for an infection and my hair has completely grown back in!* <sub>4</sub> Dr. A

### **IMPROVED VISION**

*I have a patient who came to me after seven years of complete blindness. He lost his job and went through many other very difficult circumstances because of it. I tested him nine months ago and found that he was suffering from the effects of an environmental toxin that had blinded him. I suggested one product, Standard Process PAROTID. After four months 50% of his vision returned. At this time his vision is normal.* <sub>5</sub> Dr. V.

## SHARE THIS BOOK WITH A FRIEND

Millions of Americans are suffering every day, waiting for the answer to their chronic health problems. For many, this booklet contains the answer. What many people need are simply the right nutrients in the proper form in order to reduce, and in many cases eliminate, their suffering.

Drug companies spend BILLIONS of dollars each year promoting drugs to treat our symptoms. These drugs have side effects so serious that they sometimes cause even more symptoms and further degenerate health. The unsuspecting people who trust these drugs move further from their health-building answers. This is very sad! This book offers a simple, natural, effective alternative for your family, your friends, and coworkers to find a natural solution for their health concerns, not merely symptomatic treatment—**Nutritional Therapy**.

## TELL A FRIEND

**Together we can help stop this suffering.**

Please join us in our goal to help each and every person you know to improve the quality of his or her life by giving them a copy of this inspiring booklet. Encourage them to visit the doctor from whom you received it. In this way, people who are suffering from nutritional deficiencies can find their answer like the people in this book did. Thank you.
